PARIS, KENTUCKY, FRIDAY, AUGUST 21, 1908.

NUMBER 80.

T. E. Moore, Jr., Added to Faculty of State University.

County Attorney T. E. Moore, Jr., has accepted the position of Professor of Law in the law school of the State University at Lexington, and will enter upon his duties on September 10. This will in no way conflict with his duties as County Attorney. Mr. Moore has been assigned to the department of real property, equity and pleading, and will give one hour each day to the instruction of students in these classes.

Mr. Moore is a graduate of Transylvania University. He read law under the late Judge Robert Riddle for many years Judge of the 23rd Judicial District. He was admitted to the Paris bar in 1896 and has served the city as City Attorney and is now serving out a term of four years as County Attorney. He has been from the very first an industrious student of the law, and enjoys the reputation of being one of the best posted lawyers in Kentucky.

Mr. Moore's personality fits him in every way for this position—a lawyer of ability, combined with every instinct that goes to make the true Kentucky gentleman. We congratulate the University on its selection of Mr. Moore for this position.

We must clean out our spring and summer clothing, and will take off 25 to 35 per cent. on our regular price, which means a big saving to you.

BEATIS.

Mrs. Matilda Waller Dickey, aged 66 years, died at her home on Third street, of heart failure at an early hour Tuesday morning, after several months' illness with complication of diseases. She was the daughter of Elbridge and Matilda Waller, of Mason county. She united with the Christian church under the preaching of Elder J. I. Rogers, Sr., who was prominent as a co-worker with Barton W. Stone in the establishment of the reformation. Mr. and Mrs. Dickey were married Nov. 30, 1855, and were without issue. Mrs. Dickey was a lovable woman of sweet temperament and beautiful Christian character.

She is survived by two brothers, Cornelius Waller, of Kansas, and William E. Waller, of Campbellsville, Ky., and one sister, Mrs. Lucy Thompson, of Kansas. The funeral services were held from the residence Wednesday afternoon at 4 o'clock, conducted by Elder Carey E. Morgan. The interment was in the Paris cemetery. The pall-bearers were as follows: B. B. Marsh, Steele Marsh, Woodford Spears, J. J. McClintock, W. H. Harris and J. W. Davis.

Good Bill at the Grand.

Manager Jackson certainly has a neat show for the remainder of this week, one that greatly pleased the large crowd that was out last evening to enjoy the opening performances and they were loud in their praises of the new company's acts. Jack Hawkins, the college athlete and world's greatest jumper has one of the neatest and prettiest athletic turns ever seen here. His jumping is simply marvelous. He jumps a foot higher than his own height and springs and bounds over chairs with the easy grace of a bird in flight. Mr. Hawkins has the following jumping records: Three standing jumps, 41 feet 6 in's; running high jump, 6 feet 6 inches (with weights); standing, 5 feet 7 $\frac{1}{2}$ inches; standing high kick, both feet together, 8 feet

LaRose and Hatfield is a great team. Eddie LaRose as Pigtail John with his Chinese dialect, was so good one could hear the rice rattle in it. His silly Bill Kid act was so clever it made you stammer to look at him, but in his gentle Irish character you could see the potatoes roll out of his brogue. He was so natural when he laughed that the white of his eyes looked green, and little Bedelia, sure she was the picture of a 5 cent shooting cracker and she had a voice that sounds like the Fourth of July. Her sassafras complexion and the way she bites off her words when she is tearing into a song, makes a man think she is charged with soda water. She was on the stage but a few minutes until she had won the admiration of the entire audience.

Rudolph Davis Announces.

Rudolph Davis announces in this issue that he will be a candidate for re-election to the office of Coroner of Bourbon county, subject to the action of the Democratic party. Mr. Davis has filled the office for one term very acceptably to the people. He is a staunch young Democrat and an efficient officer. There will probably be no opposition to him. He is popular and would be hard to beat.

Gives Warning.

George C. Graddy, of Woodford county, prints an advertisement in the Versailles papers which reads as follows:

"This is to notify the public that anyone who comes on my farm day or night, especially the latter, except in the company of myself or one of my men, comes at their own risk. Not wanting innocent blood on my hands, I take this means of notifying the public, besides posters on my farms."

Mr. Graddy had his barn burned by night riders and in defiance of threat, is raising a crop of tobacco this year, protected by guards. Mr. Graddy has issued his defy.

Woman's Barn Dynamited.

A large barn belonging to Mrs. Sallie Webber was dynamited and burned at Renaker, Harrison county, Sunday night. Besides agricultural implements and hay, the barn contained 1,000 pounds of tobacco, the property of Baird & Hance. The tobacco was pooled with the Surley Tobacco Society. Baird was a member of the jury which recently acquitted the alleged night riders from Robertson county who were tried in Harrison, but it is not known that this had anything to do with the barn burning.

Publishers' Notice.

The publisher of "The Meddler," a bright weekly Republican paper, is Cincinnati, with large circulation, under the above heading, talks plainly and to the point, viz:

"It has come to us from an indirect but quite authentic source, that dire threats are being made against the publishers of the Meddler, because of its attitude towards William Howard Taft, as a candidate for the presidency.

"We simply wish to say now, and most emphatically, that the Meddler is within the bounds of newspaper custom in all of its work. It prints nothing but the truth. We are willing to compare it side by side with the Taft family organ for decency and consistency. There is not money enough in the Republican Campaign treasury to bribe us to print that which we do not want to publish or prevent our printing that which we think should go before our readers. Our reply to the rumored threats against us: 'Fire the first gun.' We can take care of ourselves legally, financially or otherwise, moreover, we give notice now that we are going to hand out some hot ones during the campaign. We do not approve of a machine-made candidate. We do not approve of the trickery and coercion by which W. H. Taft was given the nomination. We do not believe that permanent prosperity can return to the country by his election. We believe the Republican party has become a mere Federal machine with the sole purpose of continuing itself in control by the power of patronage. If the administration theory that the whole country must suffer to get rid of a few isolated instances of misdoing on the part of certain large corporations holds good, then why not apply it to the Republican administration which is necessarily responsible for present deplorable conditions; sweep it out; put in a new outfit and begin over with a sounder foundation.

"Under the present circumstances, it looks like as if Mr. Bryan is a bigger, broader, and better man than Wm. H. Taft, and the risks of a party change are no greater than the extreme risks to the country by a continuance of the tinkering experiments of a one-man party. We have had too much Rooseveltism already. The selection of Taft as the nominee does not represent the voice of the Republican party. It is the voice of federal officeholders acting under the arbitrary orders of the most supreme boss any party ever had or ever will have again. Taft declares he will continue Roosevelt's policies. If this be true, then we may expect a continuance of the deceit and hypocrisy which cries for peace while eternally preparing for war, a blatant yell to the mob that all men must obey the laws while one man knows no law and acts without regard for constitution or legal authority at his own sweet will.

"We hear the shout against Wall street being the seat of the trusts and financial devilment, yet nominee Taft has a brother at No. 40 Wall street. The financial headquarters of the Republican campaign committee is at No. 2 Wall street. All the New York newspapers claimed that Wall street read, discussed and was even interviewed upon the speech of acceptance of Taft, five days in advance of its delivery. From which of these Wall street offices did these advance copies come? It was even said that European capitals had been advised of its contents in advance.

"The candidate for the highest office in the land lowered his own dignity

THE LIVER QUARANTINE

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ill's assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder afflictions. No well-regulated family should be without this standard remedy.

CURE FOR MUSCULAR FATIGUE.

Best Method of Obtaining Sound and Refreshing Sleep.

Real fatigue may be divided into the mental and muscular varieties. The latter is decidedly the simpler of the two. Where one has so overworked physically that one cannot sleep, the first thing to do is to learn to relax. In such a case the first thing to do is to take a warm bath, into which a little rock salt has been dropped to counteract the weakening effect of hot water. Then shut out every ray of light from your bedroom and lie flat on your back. Do not close your eyes and think desperately of going to sleep. Instead, devote yourself entirely to the subject of keeping your eyes open. If they close, open them; if necessary, even prop them open with your fingers; whatever you do, continue to stare wide-eyed into the darkness, and most important of all, think of that one question only. In about five minutes you will be so sleepy that no will-power on earth could keep you awake. The one cure for fatigue is rest, and after prolonged physical effort, the paramount issue is to get to sleep immediately, and to sleep as long as possible.

What do you think the girls and boys will eat in those far days? Will they be fed on breakfast foods in many sorts of ways? Will all the good and tasty things be worse for them than rice? Will ice cream soda make them sick And everything that's nice?

Will children's books have pictures then? Or just all reading be? Perhaps they'll be hand painted and Most beautiful to see. But when I think of those I have I truly don't see how There can be any prettier A hundred years from now.

—St. Nicholas.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of cut-up medicines for domestic use, and so has published a broad and open to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition*. By this bold step Dr. Pierce has shown that his remedies are of such excellency that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, grippe, liver & biliousness and all catarrhal diseases, where it is located, contain a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing many eminent extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on a postal card by letter to Dr. R. V. Pierce, Buffalo, N. Y., and returning the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from natural ingredients of great value, also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nerve and debilitated women, are employed after long years ago by the Indians for their ailments after their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of this medicine, however, is due to the Indians.

As made up by improved and exact processes the "Favorite Prescription" is a most efficient remedy for regulating all the common functions, correcting displacements, as per rectum, anorexia, constipation, convulsions, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

I have with me several of my relations, namely, South Jellico Coal, Nut Coal and Cannel Coal, who assist me in my duties. You can get me or any of my relations promptly by calling Peale Collier & Co., phone 22. We guarantee satisfaction.

LIVE STOCK AND CROP NOTES

—An immense crowd was in attendance at Mt. Sterling Court Monday, and 5,000 head of cattle were on the market, with part of them of fine quality. There was a large crowd at the pens, bidding was spirited and trade a big improvement over last stock day.

The best 1,000 lb. cattle sold at 14¢ cents, with bulk sales at 41¢ cents.

Yearlings at 4 to 42 cents; heifers 3 to 34 cents; cows at 21 to 3 cents.

J. E. Boardman, of Bourbon county, bought twenty-five 700-pound heifers of Frank Vanhouse 325.

E. R. Little sold to W. H. Whaley of Paris, 350 bucks, wethers and lambs at 34 cents.

There was a large bunch of mules on the market, with many good ones, which sold at prices many good ones, which sold at prices ranging from \$175 to \$200 per head. No horse sales were made, but many buyers were present looking for good stock.

—Manager Charles H. Berryman, of Elmendorf Farm confirms the report sent out from New York that James B. Haggins has made up his mind to send some of his many thoroughbred stallions and mares to market in South America. The expectation, however, is that there will be five carloads and ten stallions will be included in the number. The supposition is that the horses will leave by express early this week, and will be at once put on board a steamer sailing from New York to South America.

LEXINGTON RACES.

The directors of the Kentucky Racing Association held a meeting in Lexington Tuesday, and decided to ask the State Racing Commission for dates from September 19 to 26 inclusive.

Johnson Again Nominated.

John A. Johnson was re-nominated for Governor of Minnesota by the Democratic State Convention Wednesday by acclamation. When his name was mentioned by Mayor Daniel W. Lawler, of St. Paul, at the conclusion of ten words in his opening speech the convention went wild.

Invitations Issued.

The following invitations have been issued to the School Trustees and teachers of the county:

The Bourbon County School Improvement League requests the pleasure of your presence in the second corridor of the court house, Tuesday, August the twenty-fifth, four to five o'clock.

The members of the league are planning to make this reception which will be given on the second day of the Teachers' Institute, a very pleasant social affair with refreshments and music. As a complete list of the new trustees could not be obtained, they are expected without further invitation.

Harm in Roentgen Rays.

According to a Danish medical journal the Roentgen rays were recently used upon a boy 5 years old, who was treated in hospital for a disease of the hair. After 25 applications of the rays the lad was sent home cured. But whereas his nature had previously been bright and intelligent, now he became absent-minded and unreliable, and was sent back to the hospital. He has been for some time since under medical observation, and the pronouncement of the doctors attending the case is that the Roentgen rays can easily penetrate the thin scalp of a child and have an undesirable influence on the brain.

Wedding Date Near at Hand.

The wedding! The wedding that has aroused such interest and has been the subject of much discussion for the past month, is nearing the hour when two hands will be joined and two hearts made one. The wedding is to be solemnized on the stage of the Grand tomorrow evening at about the hour of 8:30 o'clock.

From all accounts the wedding is going to be a nice affair as Manager Jackson is sparing neither pains nor expense to make it such. Decorations are being arranged for and there will be an elegant display of electrical effect. Our own Elks band will be there to play the wedding march and render a program which is an assurance of a musical treat.

For the past three weeks some few have been engaged in an effort to ascertain the names of the couple to be married and some think they have actually succeeded but owing to the fact that there are likely to many in an affair of this kind the management desires us to state to the "wise ones" that in all probability there will be something happen at the Grand on tomorrow night which will prove that there is nothing in guessing and create quite a sensation.

Manager Jackson has provided for the convenience of his patrons reserved seats which are calculated to facilitate the handling of the large crowd that is expected on this occasion, and has placed them on advance sale at the drug store of Oberdorfer. There is only a small advance in the price and this way of handling the audience is expected to prove more satisfactory to both the management and patrons. The seats are going rapidly and the entire lower floor may be sold out ere the doors of the theatre are thrown open on the evening of the wedding.

Will soon be here. Come and get the household goods you need.

Notes of The School Improvement League.

The Kentucky Association for the Betterment of Schools, of which Mrs. N. Roark, of Richmond, is the President, has been in existence only a few years, and has already accomplished wonders, considering the status of education in the state. A majority of the 119 counties now have flourishing School Improvement Leagues, and the assistance these have afforded has been invaluable.

I quote from a letter from Mrs. Roark: "The work done in June, 1908 for the state has been the organizing of the County School Improvement League. We have organized the following counties: Galatin, Carter, Lawrence, Johnson, Magoffin, Wolfe, Owsley, Perry, Letcher, Knott, Whitley, Laurel, Pulaski, Russell, Clinton, Adair, Lincoln, Simpson, Logan, Ballard, Harlan, McCracken, and Christian. I have sent organizers to a number of others but have not had time to hear the result. Before the close of the institute season, we will have carried the work into many other counties.

The majority of these new organizations have as many vice-presidents as there are educational divisions in the county, and each vice president has the work of her division particularly in charge.

The Leagues will at first direct their efforts to getting funds to improve the condition of the school. Great interest is expressed to get a library, flags and pictures. This work has required the sacrifice, time and strength of a great many workers. We have been able to send a speaker to a number of Farmers' Institutes to speak on the Value of Good Rural Schools. We will give one thousand dollars to establish a model rural school.

The locality making the best offer will get the school.

Counties organized last year have been holding mass meetings and showing new life."

Let's have Bourbon County win this splendid offer.

Signed, PRESS COMMITTEE.
Bourbon Co. S. I. L.

WHAT THE RURAL SCHOOL LEADS TO - THE COUNTY HIGH SCHOOL - THE STATE UNIVERSITY.

"We must realize that the rural school is not a literary poorhouse. The country children must have the best in education. They are the salt of the earth. The cradle of almost every great man this country has produced has been rocked by country mothers. Unless we give the country children the same educational advantages as are enjoyed by urban children, the time will come when the best of our rural population will seek homes in the towns and cities, which would be disastrous to the agricultural interests.

Public education should supply every facility for boys and girls to fit themselves for life. There is nothing too good for the rural youth of either sex. The country boy and girl are the hope of the future, and should have the same educational advantages as the city youth, all of whom have the privilege of attending a high school after the grammar school education is completed. There can be no doubt of the necessity of establishing high schools in the several counties of the States."

J. H. Fuqua, Bi. Report.

Under the new school law, approved March 24, 1908, the County High School is established in the following words:

"Within two years after the passage and approval of this act, there shall be established by the county Board of Education of each county one or more county high schools: Provided, there is not already existing in the county a high school of the first class; if such high school already exists, and if the county board may be able to make such an arrangement with the trustees or board of education of said high school as will furnish to the pupils completing the rural course free tuition in said high school, then said high school, may be considered as meeting the purpose of this law without the establishment by the board of another high school," etc.

The law is clear on this point.

There will now exist a complete system of public education in Kentucky:

Rural Grammar Schools, County High Schools, State University and how many more advantages these offer to the youth of the State that schools in the past have made. Now one may find at the University special training for almost all occupations of life. The State University at Lexington offers courses that lead to the following degrees:

Bachelor of Science (B.S.)
Bachelor of Arts (B. A.)
Bachelor of Science in Agriculture (B. S. Agr.)

Bachelor of Civil Engineering (B. C. E.)

Bachelor of Mechanical Engineering (B. M. E.)

Bachelor of Mining Engineering (B. M. E.)

Bachelor of Science in Pedagogy (B. S. Ped.)

Master of Arts (M. A.)

Master of Science in Agriculture (M. S. Agr.)

The Paris High School is on the accredited list of the State University.

The University annually awards a scholarship to the graduate of highest class standing of accredited schools.

These advantages will soon be open to country children.

Bucklin's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklin's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at Oberdorfer's drug store.

A Word from Josh Wise.
"A bachelor's man who thinks clothes wash themselves an' children ain't never no trouble."

The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at Oberdorfer's drug store. 25c.

Diarrhea Cured.

"My father has for years been troubled with diarrhea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle, of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by W. T. Brooks. You need no other guarantee.

Oldest American Corporation.
The oldest commercial corporation in the United States is in New York city. It is the Chamber of Commerce, organized May 5, 1768, in the historic Fraunces' Tavern.
